PROJECTS

Car dealership Website for Mr Morne Swaart (2023/06 –

2023/11): designed the front end, compiled the work received from the other members of my group, deployed the final website.

E-commerce Website for Kindeco (2023/03 – 2023/06):

worked on both the front and the back end to ensure a visually appealing website with an Administrator side for management.

Touchless smart dustbin using Arduino Uno (2022/09 –

2022/10): scored 98% on the project, my team and I used Python, Arduino Uno and a dustbin to engineer the latter so it can open on human sensing from a predefined distance.
